Special Acknowledgement

"The Commercial Art Department at the Shelton State Community College Fredd Campus, was pleased when Dr. Wynn asked for ideas and drawings for the façade of the administration building. We were happy in the acceptance of those concept drawings and take pride in seeing the beautiful three dimensional realization of those drawings come to life as a new and refreshed addition to our campus. What better way to celebrate forty years of quality education than to have the design developed on that very campus."

Larry McAfee, Commercial Art Instructor
